## Objectives

I am a full stack developer with a keen interest in leveraging my technical skills to solve problems in the IT industry. With experience in various internships and projects, I thrive in collaborative environments where I can continuously learn and adapt. My educational background is solidified by certifications in HTML and JavaScript, and I'm committed to personal and professional growth.

## Projects

### ▪ Developed a Student Management System (CRUD)

Creating a student detail form using java as part of project.

### ▪ Website design

In this project, I designed a tourist place website using HTML, CSS, and JavaScript.

## Skills
